FREE Art Presentations in your Classroom

The San Jose Museum of Art has programs that bring FREE art presentations into your classroom for K-12 based on educational standards.

Presentations occur throughout the school year, September - May, and lead to exciting processes of discovery for students in Santa Clara County.

Using Visual Thinking Strategies (VTS) that support the Common Core State Standards, a trained docent leads a FREE 30- to 50-minute art presentation in your classroom.

All art reproductions brought into the classroom are carefully researched and presented with a specific set of curriculum objectives. The artworks also

represent the cultural diversity of the Bay Area.
